Notes: (1) Reversal totals are conservative estimates as not all reversals are reported. (2) OD-ME app is a mobile phone app developed in 2020 to support naloxone administration. (3) Overdose reversal figures may increase as backdated Tier 2 distributor and OAG incident reports are received. (4) 2019 data is July through December only. (5) Law enforcement agencies that receive naloxone from the OAG and report reversals through ODMAP are now being included. ODMAP reversal data has been added from July 2019 to present. (6) A revision has been made to MAP 2022 and PPH February 2023 reversal reports.
